Please List Any Current **Medications**: None

If your child currently under the ongoing care of a physician (for more than routine checkups)? No Yes

If you chose Yes, please provide their name and phone number: _____

Please note they will be asked each visit if there has been any changes or additions to this medical history, and it is imperative you let us know if anything changes so we can continue to provide them the most comprehensive dental care.

OFFICE POLICIES

Dear Newest Member of the Garfinkle Dental Family,

Thank you for selecting us as your child's dental health care provider, we are very happy to have them as a new patient! At Garfinkle Family Dental, we take a lot of pride in meeting and exceeding our patients' needs. This keeps us very busy, so we do require each new patient/guardian read and understand the following office policies. If you have any questions/concerns, please do not hesitate to ask our Office Manager.

As a condition of your treatment by this office, financial arrangements must be made in advance and the required payment is due the date the services are started. The practice depends upon reimbursement from the patient for the costs incurred in their care and the financial responsibility on the part of each patient must be determined before treatment is provided. For your convenience, we accept cash, check, Visa, MasterCard, Discover, American Express and Care Credit Healthcare Financing. Any returned checks will have an additional \$25.00 fee.

As a courtesy for our patients who carry dental insurance, we will verify your eligibility and file claims on your behalf. This means you will only be responsible for estimated co-payments for your visits and we will bill and accept payment from your insurance company. We need you to understand that due to insurance guidelines, it is impossible for us to estimate your dental coverage at 100% accuracy until we become more familiar with your policy. Any treatment estimate we provided is exactly that, an estimate. Although we surely do our best to be as precise as possible, any balance that remains after your insurance does or does not pay is ultimately your responsibility. Any balance remaining must be paid in full within 45 days. Balances older than 90 days are subject to additional collections fees. We understand financial difficulties may affect timely payment of your balance, so we encourage you to communicate such problems to us so that we can assist you in the management of your account.

This office utilizes both text and email in addition to reminder and confirmation phone calls. If you provide us with either a cell phone number or email and signing below, you are granting us permission to contact you via these methods for appointment reminders/confirmations. We do not share, sell or distribute any of your information without your prior knowledge and/or consent. (See our Privacy Practices for details on how we protect your information).

- Check this box if you **DO NOT** want to receive appointment reminder **emails**.
- Check this box if you **DO NOT** want to receive appointment reminder **text messages**.

Again, because we want to best serve our patients, we adhere to a strict policy regarding no-show and failed appointments. We consider an appointment "*failed*" if enough notice is not given so we can fill the appointment time with another patient in need. That being said, ***we require at least two business days' notice*** to change or cancel a scheduled appointment. Each and every team member takes time to prepare for each and every appointment. We're sure you understand that when you fail an appointment that has been set aside specifically for you, it not only hurts the office but other patients who could have been seen at that time. We reserve the right to charge a **\$25.00 weekday** failed appointment fee and a **\$50.00 Saturday** failed appointment fee for these instances.

I have read the above policies, conditions of treatment and payment guidelines and agree to abide by them:
